## **DESCRIPTION OF EVENTS**

### **ULES FRESHERS' ORIENTATION / BARBEQUE NIGHT:**

The ULES Freshers' Orientation and Barbeque Night is a yearly event aimed at proper integration of newly admitted engineering students into the faculty of first choice society. The Orientation program in the morning will hold at the Engineering Lecture Theatre (ELT) while the Barbeque Night (a meet, greet and relate session between freshers and staylites) will hold on the same day at the Engineering Quadrangle.

### **ULES MOVIE NIGHT:**

This is one of the social events planned for this session. It is important that after weeks of rigorous engineering activities, ULESites are afforded the opportunity to relax. This usually takes place at the Ozone Cinemas Yaba.

### **ENGINEERING CAREER EXPO (ECX):**

Engineering Career Expo is an event that creates an enabling environment for students and industrialists to interact, the share ideas in order to keep abreast, fortify the academic spirit and ensure students are provided with requisite knowledge needed to excel in the academic and professional world. This is most likely to take place at the University of Lagos Main Auditorium.

### **PROFESSOR AYODELE AWOJOBI DESIGN COMPETITION (PAADC):**

Professor Ayodele Awojobi Design Competition is aimed at sparking ingenuity in young minds, by challenging them to push the boundaries of Science, Technology, and Environmental Science, in solving problems in Nigeria. The event is to take place at the University of Lagos Main Auditorium.

### **ENGINEERING LADIES DAY (ELD):**

Engineering Ladies Day is an annual faculty event aimed at bringing together all female students of the University of Lagos Engineering Society (ULES). this day focuses attention on the amazing careers in Engineering, and allows us to celebrate the female students, enlighten, empower and inspire them to grow up to be great innovators and problem solvers of the next generation. It consists of two sessions; morning educative session and dinner night. The morning session is most likely to hold at the New Engineering lecture Theatre (NELT) and the dinner at the schools Multi-Purpose Hall.

### **ULES SPORTS WEEK:**

It is the society's duty to create an environment that allows maximum growth of the Unilag engineer, it is therefore important to organize sporting activities aimed at improving unity and sportsmanship among the society's members while providing beneficial exercise opportunities. This is to hold at the University of Lagos Sports Centre.

### **ULES SPORTS FACILITY:**

While providing a means to keep healthy and fit, the society has made it a responsibility to make sporting facilities affordable for our students. Our latest partnership with MetaAnga Sports will provide ULESites with sporting facilities, from boots to jerseys and other sporting equipment varieties, at extremely cheap and affordable prices. The product can be picked up directly from ULES Office.

## **ULES ORATOR:**

ULES Orator is the major active part of the ULES ORATORY and BOOK CLUB, which is involved in the organizational structure of the faculty debate (ULES Debate Championship); a prerequisite to select individuals to participate in the University Debate Championship and also give provides platform for Engineering Students to improve their speaking skills through intellectual engagement (debates), mind enriching books/materials and trainings , cutting all spheres of life, with a major focus on STEM, thereby raising a more sophisticated engineer. This event is most likely to hold at ELT or the New Engineering Lecture Theatre.

## **ULES FOOD DRIVE:**

It is the society's duty to show love to its brothers and sisters. The ULES food drive is a form of charity conducted by the society to distribute foodstuffs to those who need it. This is to hold in the faculty.

## **ULES FACULTY WEEK:**

It is an all-inclusive week of enviable synergy amongst all departments of the faculty. Eye-catching costumes at the event on the costume day, we also have the corporate day, jersey/denim day. The traditional day will be the highlight of this week! This serves as an avenue to celebrate the outgoing aka final year students. This will hold in the faculty. It should be a lecture free week by God's grace!

## **ULES FACULTY DINNER:**

The Engineering Dinner and Award Night aka 'Engrad' is an event celebrated by the students of the faculty of Engineering. The main aim of this initiative is to recognize notable contributions from students, academic and non-academic staff of the faculty of Engineering, University of Lagos. This is to honor **INGENUITY** among students and staff alike and in turn encourage healthy competition and positive improvements among them.

## **ENGINEERING HEALTH TALK:**

"Health is wealth they say", the society will be organizing health talks shortly before exams. This will involve medical practitioners come and educate ULESites on certain ways to improve our approach to studying for exams. Hence enhancing better performance in exams in better health conditions.

## **ENGINEERING ENTREPRENEUSHIP PROGRAMME:**

Are you an entrepreneur? ULES has got you covered, we will be having a program for all entrepreneurs and non-entrepreneurs in the faculty. This is going to be an avenue for ULESites to acquire certain skills to improve and run their businesses. This will take place in the faculty.

## **ENGINEERING GOT TALENT:**

The faculty of engineering is having its own Got Talent this session. This will be an opportunity for ULESites to showcase their talents and be recognized in the faculty. It is going to be mind-blowing. It is also important that after weeks of rigorous engineering activities, ULESites are afforded the opportunity to relax.

## **ULES FITNESS PROGRAM:**

Thinking of joining the fitfam? ULES has got you covered; we all need to keep fit as it is a way of staying healthy. We will be having our fitness program every first and last Saturday of the month. It will consist of yoga exercise and a host of other interesting exercises. Don't miss out on this opportunity as it is also free!

## **ULES TUTORIALS:**

The ULES tutorials consists of all year one and year two faculty courses as well as GEG 301 and GEG 302. ULES believes in academic excellence and we assure ULESites that the courses mentioned above will be well catered for; as well as other courses that ULESites need assistance with. The venue will be communicated by the planning committee.
